ABOUT ME

I am a multidisciplinary creative with a passion for delivering high-quality interactive experiences.

I pride myself on my versatility and my ability to learn new technologies very quickly, whilst also thinking creatively outside the box.

I am interested in everything the world of art + technology has to offer, and all the parts of the process including UX, Interaction Design, Computer Graphics, and Motion Design.

EDUCATION

> BSC COMPUTER SCIENCE - FIRST CLASS HONOURS

University of Hertfordshire Sept 2014 - Jul 2018
